In the Prep/1 room we have been working on learning our letter sounds. So far we have been working on the letters S, M, F, R and A. We have been making something different for each sound. We have made snakes, monkeys, rainbows, frogs and alligators.

During our Inquiry Unit we have been discussing 'being safe'. We worked with a partner to create posters about being safe, such as, crossing the road with an adult or asking before you touch someone else’s dog.

Last week your child brought home a picture of a keyboard. Please encourage them to practise locating the letters and numbers they need for their username and passwords on the computers.

Please come and visit our classroom to see what we have been making.
